SUMMARY

Motivated B.Tech student specializing in AI and Machine Learning, seeking an internship to leverage skills in real-world applications. Detail-oriented and proactive team player with strong organizational abilities, capable of managing multiple projects with precision. Eager to contribute to innovative solutions while expanding knowledge in AI/ML methodologies and tools.

Work Experience

subhansh sewa trust, bareilly UP

May 2024 - June 2024

- Met expectations by consistently completing tasks under pressure.
 - Exceeded expectations by raising funds, making a meaningful impact on numerous lives through our initiatives.
-

Skills & certification

- C
 - JS
 - CSS
 - JAVA
 - HTML
 - Python
 - English Fluency
 - Machine Learning
 - Artificial intelligence
 - Linux Kernel Development
 - Premium IT Admin Features
 - Oracle foundation associate
 - Interpersonal Communication
 - Google Ads Apps Certification
 - Social Entrepreneurship intern
 - Outstanding communication skills
 - Google Analytics Individual Qualification
 - TCSION career edge-young professional
 - Letter of recommendation from (Subhansh Sewa Trust)
-

Projects

• Face Recognition Project

Developed a website using Python, OpenCV, and Raspberry Pi for tracking missing persons through Aadhaar-enabled biometric details. This project aims to reunite families by leveraging India's biometric verification system. It was awarded Best Societal Relevant Project for its significant societal impact.

• Emotion Analysis Project

Created a platform using Python and machine learning to analyze emotions via EKG and EEG data. By interpreting physiological signals, the project aims to enhance mental health through advanced emotion analysis, focusing on improving emotional well-being through biometric data interpretation.

• NSS Volunteer Activities

Awarded for a paper presentation at KCG College's Engenius19 event. Earned medals for NSO and IMO. Received certificates for active participation in Cancer Awareness, School Bell, Harithvam, and other community-driven projects, reflecting a commitment to social service.

Education

Pursuing a Bachelor's degree in Computer Science and Technology, spl in AI & ML November 2022 - 2026
Presidency University, Bengaluru
